Piacenza, 21/01/2019

Gloria Luzzani

ATTACHEMENT: SCIENTIFIC PRODUCTION**Scientific Publications**

- Calliera M, Luzzani G. *Residents Perceptions of non-dietary pesticide exposure risk. Knowledge gaps and challenges for targeted awareness-raising material in Italy.* Ander review
- Corrado S, Luzzani G, Trevisan M, Lamastra L. *Contribution of different life cycle stages to the greenhouse gas emissions associated with three balanced dietary patterns.* Science of the Total Environment 660 (2019) 622-630
- Luzzani G, Capellini O. *La sostenibilità è Comune. Il caso studio di Salsomaggiore Terme.* (Sustainability is common. The Case Study of Salsomaggiore Terme). Mattioli 1885, 2018. ISBN: 8862616740
- Ulaszewska MM, Luzzani G, Pignatelli S, Capri E. *Diet-related GHG emissions assessed with Environmental Hourglass approach for Mediterranean and New Nordic Diet.* Science of the Total Environment 574 (2017) 829–836.
- Cigolini M, Luzzani G, Sacchetti G. *Environmental Risk Assessment and Management.* Mattioli1885, 2015. ISBN 978-88-6261-508-2

Educational and dissemination Publications

- Since 2016 I'm contributor of carnisostenibili.it
- More than 50 scientific-dissemination papers (carnisostenibili.it; viticolturasostenibile.org; ZTL Freepress; Corriere Padano)

Oral presentations: scientific conferences

- 16.06.2018 *La dieta mediterranea è sostenibile?* Dieta mediterranea e stili di vita nelle varie fasi della vita di una donna. Luzzani G, Capri E. (Is Mediterranean diet sustainable? Mediterranean diet and lifestyles.)
- 19.10.2017 *A global approach to assess, improve and communicate grape-wine sustainability in Italy.* Luzzani G. FUTURE IPM 3.0: towards a sustainable agriculture. Riva del Garda (IT)
- 11-13.09.2017 *Water footprinting of wine products: an assessment for the water footprint of Piedmont quality wines.* Lamastra L, Luzzani G, Trevisan M. XXXV Convegno Nazionale della Società Italiana di Chimica Agraria. La ricerca in Chimica Agraria: integrazione dello studio dei sistemi suolo, pianta e ambiente. Udine (IT)
- 02.06.2017 *L'indicatore di sostenibilità TERRITORIO: uno strumento a supporto del sistema agroalimentare atto al miglioramento delle performance ambientali, sociali ed economiche.* "Studiare in cucina, cucinare a scuola" - ALMA Next Generation Chef. Parma (IT)

Poster presentations

- 18.10.2017. *Residents non-dietary pesticide exposure risk perception survey: knowledge gaps and challenges for targeted awareness-raising material development.* Calliera M, Luzzani G, Capri E. FUTURE IPM 3.0: towards a sustainable agriculture. Riva del Garda (IT)
- 30.08 – 01.09/2017 *Measuring residents risk perception of non-dietary exposure to agricultural pesticides to increase trust in risk assessment and the production of awareness-raising material.* Calliera M, Luzzani G, Capri E. Pesticide Behaviour in Soils, Water and Air. York (Great Britain).
- 16-17/11/2016. *The TERRITORY indicator: measuring the impact of wine production on the economy and the society.* Luzzani G, Lamastra L, Novelli E, Corbo C, Capri E. Innovine final symposium. Toulouse (France).
